ABOUT US

Founded in Vancouver, Jack Sekhon & Associates Inc. (JSA Inc.) is a Canadian consulting and training firm specializing in business improvement and ISO management systems that helps organizations achieve certification to ISO 9001, 14001, 45001, 27001, 22000 , and IATF 16949 and optimize and sustain business performance improvement.

We specialize in hands-on implementation based upon process approach and risk-based thinking, helping businesses improve processes, reduce risks/liabilities, and build sustainable success.

Our Vision

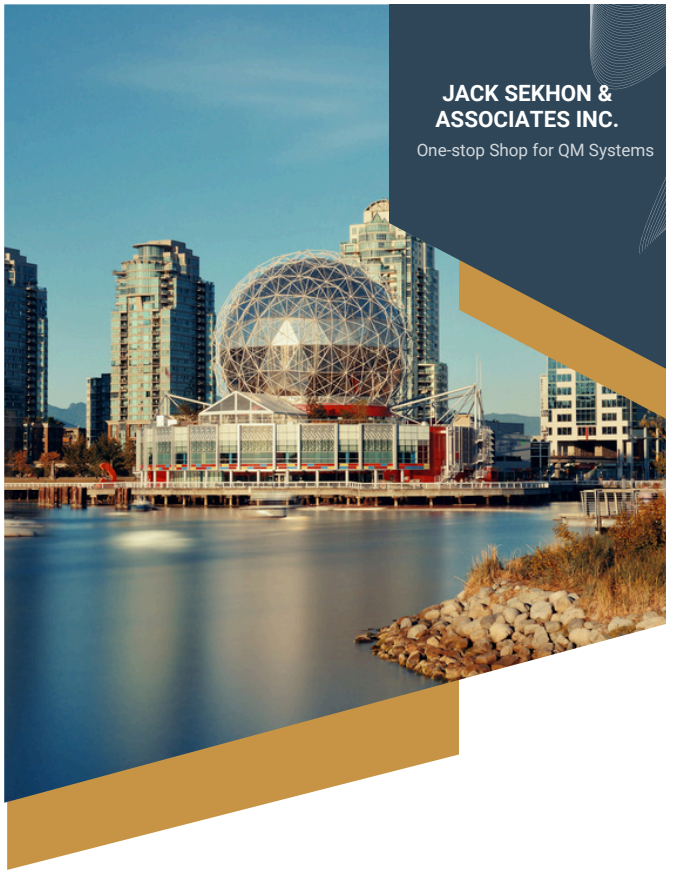

To be our clients' first choice for their management system needs.

Our Mission

To support businesses and society in advancing a more sustainable and resilient world.

CORE VALUES

- INTEGRITY
- TRANSPARENCY
- QUALITY
- COMPETENCE
